WORK EXPERIENCE

Junior Developer at European IT

July 2025– December 2025

Worked as a Junior Laravel Developer at European IT, gaining hands-on experience in Laravel, PHP, MySQL, REST APIs, and Git. Assisted in developing and maintaining web applications, implementing features, debugging issues, and working with databases while following professional development practices.

Internship at Hi Tech IT Institute

Jan 2026 – June2026

Started at Hi Tech IT Institute as a Web Developer Intern after completing training . Provided practical web design training and project guidance. As Intern handled project supervision, academic coordination, team leadership, daily operations, marketing, client communication, and service promotion. Developed strong skills in leadership, teaching, communication, project management, and organizational management.

PROFESSIONAL PROJECTS

Blood Bank Website Using Laravel

Developed a responsive and scalable blood bank platform with AI-powered donor search, manual blood search, and an OpenAI-powered chatbot. Implemented donor registration, blood requests, donation management, and secure database integration with a user-friendly, mobile-responsive interface.

Shan E-commerce

Worked in E-commerce web application. **Shan.com.bd** is a modern e-commerce platform designed to provide customers with a convenient and user-friendly online shopping experience. The website focuses on easy product browsing, customer interaction, and seamless online purchasing.

CERTIFICATION

- NSDA GOVERNMENT CERTIFIED LEVEL-3 ON COMPUTER OPERATION
- NSDA GOVERNMENT CERTIFIED LEVEL-2 ON CONSUMER ELECTRONICS
